

Week 5/Segment 3: How can I reflect on my experience?

Mission - Reflect on your experience

Consider some of these questions (or create your own!)

Did you learn a lot and have fun?

What is something you learned?

How well do you think you solved your problem or accomplished your goal?

How could you have been more successful?

If you were to do this all over again, what would you do differently?

What worked well?

What would you change?

What questions do you still have?

How might you apply something you learned during this process outside of Mission: Possible?

Mission: Possible

A project of Einstein Academy
#doingthepossible

Pro Tip:

There is no "right" way to reflect, so feel free to draw a picture or do whatever works for you!

Mix it up...

- For ages 4-6 - Parents could choose a couple of reflection questions and discuss together.
- For ages 7-9 - Create your own reflection questions. What questions will best help you think about your experience and consider what you learned?

Share your reflection with us (MissionPossible@EinsteinAcademyCO.org)!
